

Plastiki Skipper Jo Royle's Earth Day message-

Earth Day is a day for everyone to remember that we are all environmentalists, no matter where you live in the world, or what you spend your days doing. The environment is our umbilical cord to life. Earth Day puts the environment to the front of our minds, giving us a chance to check in with ourselves to ensure that we are fulfilling our role as care takers of the natural world.

To make your pledge for a plastic free ocean and more positive, ecological initiatives please log on to myplastiki.com
